# Squid Jigging Daily Fishing Log - SQ05

## GENERAL INFORMATION AND INSTRUCTIONS FOR HOLDERS OF FISHING CONCESSIONS

### **Purpose**

This logbook is to be used when jigging for squid in the Australian Fishing Zone. It is designed to provide a continuous record of squid jigging operations undertaken by Commonwealth fishing concession holders.

Accurate data collected in this logbook is essential to provide information for research into and management of Australian squid fisheries.

### **Important Information and Instructions**

#### **Completing the logbook**

- This logbook must be completed for every day that the fishing concession is in force, regardless of whether or not fishing takes place on that day (see the “How to Complete” section).
- All logbook information must be recorded on a daily basis and details for the last day of the trip must be recorded before the boat docks at the end of each trip.
- The pages in this logbook are self-carbonating. Please use a ballpoint pen when completing forms. Place the fold-out flap under the original and duplicate pages to prevent writing transferring to the next set of forms.

#### **Location of the logbook**

- This logbook must be on board the boat that is nominated in respect of the fishing concession and named on the front of the logbook during squid jigging operations.
- This logbook must remain within a 50 metre radius of the boat.

#### **Who should use this logbook?**

- The holder of the fishing concession is responsible for ensuring that this logbook is completed and that it is certified as complete and correct.
- The holder can do these things personally. Alternatively, the holder can ensure these things are done on their behalf by a person authorised in writing to do so by the fishing concession holder in the approved form. Contact AFMA for details of how to authorise another person to complete the logbook.

#### **Submitting logsheets**

This logbook contains numbered pages in duplicate which are referred to as logsheets. Original copies must be returned to AFMA in number and date order in either the reply paid envelope provided or posted to:

The Logbook Co-ordinator  
Australian Fisheries Management Authority  
BOX 7051  
Canberra Business Centre ACT 2610

by the 14<sup>th</sup> day of the following month, eg logsheets for March are due by the 14<sup>th</sup> of April. Duplicate copies should be retained.

#### **Gear and boat details form**

- The fishing concession holder must ensure that the Gear and Boat Details Form attached to this logbook is accurately completed and returned to AFMA within 14 days of receipt of the logbook.
- A second Gear and Boat Details form is located in the middle of the logbook. The fishing concession holder must ensure this second form is completed and returned to AFMA if any boat and/or gear details, or contact details of any person authorised to complete this logbook, change. Additional forms are available from AFMA if required.

#### **Penalties**

Fishing concession holders and persons completing this logbook on their behalf are advised that:

- (i) a failure by a fishing concession holder to ensure the completion of the logbook in accordance with these instructions;
- (ii) the giving of false or misleading information in the logbook by the fishing concession holder or a person completing the logbook on their behalf; or
- (iii) the recording or communicating by the fishing concession holder or anyone else of information in a logbook concerning the affairs of another person, or the giving by the fishing concession holder or anyone else to another person of a part of a logbook in which information is recorded, (unless the recording, communicating or giving is done in accordance with the *Fisheries Management Act 1991*, *Fisheries Administration Act 1991* or the *Fisheries Management Regulations 1992* or an order of court, tribunal or a person authorised to receive evidence)

may constitute serious offences under Commonwealth laws.

Concession holders are also advised that failure to ensure the completion of the logbook in accordance with the instructions may lead to suspension or cancellation of their concession.

#### **Help Available**

There is an example of a completed logsheet and further information and instructions about how to complete the logbook at the front of this logbook. If you have any questions or problems, please contact an AFMA Logbook Officer on (02) 6272 5029.

## Remember

In order to have the most up to date information on catch trends in your fishery you **must** send in your logsheets **by the 14<sup>th</sup> day of the following month.**

There are legal requirements to submit logbook returns in force under the Fisheries Management regulations.

**You must record information in this logbook for every day that your Fishing Permit is in force, regardless of whether or not you fish on that day.**
