CANBERRA ACT 2600

Dear Assistant Minister

We have much pleasure in presenting to you the annual report of the Queensland Fisheries Joint Authority (QFJA) for the financial year ended 30 June 2018.

The report reflects the Joint Authorities legislative reporting requirements and has been prepared in accordance with subsection 70(1) of the *Fisheries Management Act 1991*, which requires us to provide a report for you to present to the Parliament.

This report has been prepared in accordance with section 10 of the *Public Governance, Performance and Accountability Rule 2014*. We are satisfied that the Joint Authority agencies have in place appropriate fraud control mechanisms to meet our needs and comply with the guidelines relevant to this annual report.

We ask that you table the QFJA report for the period 2017-2018 in accordance with section 46 of the *Public Governance, Performance and Accountability Act 2013* and subsection 70(1) of the *Fisheries Management Act 1991*.

Thank you for your consideration of this matter.

Yours sincerely

## 1. Introduction

This report of the Queensland Fisheries Joint Authority (QFJA) outlines activities undertaken and decisions made during the period **1 July 2017 to 30 June 2018**, predominantly through the “record of decisions” from the QFJA annual meeting. It also reports the status of fisheries for this reporting period.

The QFJA is responsible for the management of certain fish species as prescribed under the Offshore Constitutional Settlement Agreement. The Queensland Government is responsible for managing a number of fisheries in the Gulf of Carpentaria that take these species. Table 1 provides a breakdown of the total catch of each QFJA managed species.

## 2. Enabling legislation

Sections 61-70 of the Commonwealth [Fisheries Management Act 1991](#) set out the establishment, functions, administration and reporting requirements for Joint Authorities.

Part 7 of the Queensland [Fisheries Act 1994](#) sets out complementary State legislation and other matters relating to the establishment, functions, administration and reporting requirements of the Joint Authority and the management of Joint Authority fisheries in Queensland.

The QFJA is established in the *Arrangement between the Commonwealth of Australia and the State of Queensland in relation to the Fishery for Northern Demersal and Pelagic Fish in the Gulf of Carpentaria (Annex A)*. The 1995 arrangement provides, among other things, that the relevant species be managed by the QFJA under Queensland law.

There is a further arrangement between the Commonwealth and the State of Queensland, in relation to commercial fishing for grey mackerel in the Gulf of Carpentaria (**Annex B**), under section 71 of the *Fisheries Management Act 1991* and section 132 of the *Fisheries Act 1994* of Queensland. The 2003 arrangement provides, among other things, that the commercial fishery for grey mackerel also be managed by the QFJA under Queensland law.

## 3. Report on the status of fisheries managed by the Joint Authority

Tables 1 and 2 present a summary of the catches and status of the fisheries managed by the QFJA. Detailed catch and effort statistics for each fishery are presented in the Queensland Fishery Summary Report, available for download on the Queensland Department of Agriculture and Fisheries website:

- <https://www.daf.qld.gov.au/fisheries/monitoring-our-fisheries/data-reports/sustainability-reporting/queensland-fisheries-summary>

Table 1 shows an overview of the total commercial catches of fin fish species relevant to fishing under QFJA jurisdiction during the reporting period. These catches were taken using a combination of set mesh net, line and trawl fishing gear. Catch information has been drawn from the Queensland Commercial Fisheries Log Book System (CFISH) for waters adjacent to Queensland west of 142°31'49" east longitude (at Cape York). 'Shark' catch includes all catches of shark and ray species taken by operators in Queensland's Gulf of Carpentaria net and line fisheries, while 'other fin fish' and 'trawled fin fish' catch includes all fish species except barramundi and threadfin (and other species not managed by QFJA) and those species otherwise listed separately in the table.

It is important to note that Table 1 presents a summary of the total catches in Gulf fisheries. Detailed information on catches of individual species within a particular fishery is available from the Queensland Fishery Summary Report (refer to previous web links) that are available for a range of fisheries through the DAF Queensland website.

In 2012 and 2014, the stock status of six QFJA stocks was assessed using the national Status of Key Australian Fish Stocks Framework. (Table 2). Fisheries Queensland has now adopted the Australian Government's framework for assessing stock status each year. For the most current assessment outcomes see the Status of Australian Fish Stocks Report by the Fisheries Research and Development Corporation at [www.fish.gov.au](http://www.fish.gov.au) or visit the Queensland Department of Agriculture and Fisheries website for specific species at [www.fisheries.qld.gov.au](http://www.fisheries.qld.gov.au)

**Table 1** - Commercial catches<sup>1</sup> of QFJA managed fish species in the Gulf during the period 2009-2018. Catches in brackets represent those taken under permit authorities. Note: All permits other than finfish trawl have now been transitioned to regulated authorities.

<sup>1</sup> Harvest estimates are rounded to nearest tonne based on reports from compulsory commercial fisheries logbooks. Weights are converted from reported product forms (fillets, gilled and gutted, trunk) to reflect live weight as a standard reporting approach. Data have been revised and updated since harvest estimates were presented in the 2015-16 QFJA Annual Report.

## 4. Report on the activities of the Joint Authority during the reporting periods

An annual meeting of the QFJA is held in the first or second quarter of each financial year (reporting period). At each meeting key issues within the QFJA fisheries are discussed and decisions regarding these issues may be made. A record of decisions for the 2016 meeting is provide in Annex C. Table 3 lists the Commonwealth and State members of the QFJA for each reporting period. The deputies of these members are stated in the Annexes (Record of decisions for each meeting).

# **Annex A - Arrangement Between The Commonwealth Of Australia And The State Of Queensland In Relation To The Fishery For Northern Demersal And Pelagic Fin Fish In The Gulf Of Carpentaria, 8 February 1995**

AN ARRANGEMENT entered into between the Commonwealth of Australia (the Commonwealth) of the one part and the State of Queensland (the State) of the other part.  
Whereas –

- (a) Part 5 of the *Fisheries Management Act 1991* of the Commonwealth (the Management Act), which provides for co-operation with the States and Northern Territory in the management of fisheries, commenced on 3 February 1995 upon the ceasing to have effect of the *Fisheries Act 1952* of the Commonwealth;
- (b) Paragraph 7(4)(b) of the *Fisheries Legislation (Consequential Provisions) Act 1991* (the Consequential Provisions Act) provides that upon the commencement of Part 5 of the Management Act, any Arrangement made with a State or Territory under subsection 12H(1) of (4) of the *Fisheries Act 1952* that was in force immediately before that commencement continues in force as if it had been made under Part 5 of the Management Act;
- (c) an Arrangement was entered into under section 12H(4) between the Commonwealth and the State of Queensland in relation to the Demersal Gillnet Fishery, published in the Commonwealth of Australia Gazette No. S104 on 1 June 1987;
- (d) subsection 75(1) of the Management Act provides that an Arrangement under Division 3 of Part 5 of the Management Act may be terminated by instrument approved by the Governor-General and the Governor or Governors of the State or States concerned;
- (e) subsection 236(1) of the *Fisheries Act 1994* of Queensland (the State Act) provides that an arrangement in force under Part 6A of the *Fisheries Act 1976* of Queensland has effect as if it had been entered into under Part 7 of the State Act on the commencement of Part 7;
- (f) subsection 133(1) of the State Act provides that the State may terminated, under Part 5 of the Management Act, an arrangement;
- (g) subsection 61(1) of the Management Act provides that the Commonwealth may make an arrangement with a State or States for the establishment of a Joint Authority consisting of the Commonwealth Minister together with the appropriate Minister of Ministers of the State or States
- (h) subsection 61(2) of the Management Act provides that each arrangement under subsection 61(1) is to be made by instrument approved by the Governor-General and the Governor or Governors of the State or States represented on the Joint Authority
- (i) subsection 71(1) of the Management Act provides that the Commonwealth may make an arrangement with the State or States represented on a Joint Authority that the Joint Authority is to have the management of a particular fishery in waters relevant to that State or any of those States;
- (j) subsection 71(2) of the Management Act provides that an Arrangement with only one State may provide that the fishery is to be managed in accordance with the law of the State;

- (k) subsection 74(1) of the Management Act provides that an arrangement under, inter alia, section 71 is to be made by instrument approved by the Governor-General and the Governor or Governors of the States or States concerned;
- (l) subsection 132(1) of the State Act empowers the State to make an arrangement, under Part 5 of the Management Act, for the management of a particular fishery; and
- (m) both the Commonwealth and the State are desirous of exercising their powers to make a further Arrangement in relation to the fishery referred to in clause 2 of this Arrangement.

NOW THEREFORE, in pursuance of the Management Act and the State Act and of all other powers so enabling, it is mutually arranged as follows;

1. The Arrangement entered into between the Commonwealth and the State as listed in paragraph (c) of the recitals to this Arrangement is, pursuant to subsection 75(1) of the Management Act and subsection 133(1) of the State Act, terminated of the date of publication referred to in clause 6.
2. The Commonwealth and the State hereby arrange for the establishment of the Queensland Fisheries Joint Authority consisting of the Commonwealth Minister and the State Minister to manage the fishery to which Arrangement applies in accordance with the law of the State.
3. The fishery to which this Arrangement applies is the fishery (which in accordance with Section 9 of the Management Act does not extend to or in relation to the Protected Zone as defined in the *Torres Strait Fishery Act 1984* or to the area adjacent to the Protected Zone to which area the *Torres Strait Fisheries Act 1984* applies by virtue of a Proclamation under subsections 15(1) or (2) of that Act) in the waters relevant to the State, being coastal waters and waters of the Australian fishing zone that lie within the area described in Schedule 2 to the Petroleum (Submerged Lands) Act 1967 under the heading “Area that includes the Adjacent Area in respect of Queensland”, west of Longitude 142°31’49” East, for all species of the Class Osteichthyes and Class Chondrichthyes, except for:
  - (a) the following fish taken in the fishery for tuna and tuna like species
    - (i) *Thunnus albacore* (yellowfin tuna)  
*Thunnus maccoyii* (southern bluefin tuna)  
*Thunnus obesus* (bigeye tuna)  
*Thunnus tonggol* (longtail tuna)  
*Thunnus alalunga* (albacore tuna)  
*Thunnus thynnus* (northern bluefin tuna)  
*Katsuwonus pelamis* (skipjack tuna);
    - (ii) fish of the family Bramidae (pomfrets);
    - (iii) fish of the families Istiophoridae and Xiphiidae (billfish);
    - (iv) those fish taken in the exercise of a right conferred by a fishing concession granted by the Australian Fisheries Management Authority under the Management Act allowing the taking of the fish specified in paragraphs (i), (ii) and (iii)
    - (v) excluding the fish specified in paragraphs (i), (ii) and (iii) when taken in the exercise of a right conferred by a licence or other authority granted by the State;

- (vi) fish taken as bait (dead or alive) by a person for his or her own use in the exercise of a right conferred by a fishing concession granted by the Australian Fisheries Management Authority under the Management Act to take tuna and tuna like species as listed above.
- (b) Fish of the following species:
- (i) *Lates calcarifer* (barramundi)
  - (ii) *Polydactylus sheridani* (king salmon)
  - (iii) *Eleutheronema tetradactylum* (blue salmon)
  - (iv) *Scomberomorus semifasciatus* (grey mackerel)
  - (v) *Nibea squamosa*, *Protonibea diacanthus* (jewfish)
  - (vi) *Pomadasys kaakan* (spotted grunter-bream)
  - (vii) *Scomberoides lysan*, *S. commersonianus* (queenfish);
- (c) Fish taken whilst trawling for prawns in the exercise of a right conferred by a fishing concession granted by the Australian Fisheries Management Authority under the Management Act for the Norther Prawn Fishery, which is described as the fishery for:
- (i) Decapod crustacea of the families Peneidae, Aristeidae, Solenoceridae (prawns), Nephropidae (Scampi), Scyllaridae (bugs) and Infraorder Caridae (shrimps) and Mollusca of the family Pectinidae (Scallops) other than when a bait net or a haul net, set from the shore and drawn to the shore without the use of a boat, is used;
  - (ii) Mollusca of the family Lonliginidae (squid) when prawn trawl apparatus is used; and
  - (iii) all fish taken in the exercise of a right conferred by a fishing concession granted by the Australian Fisheries Management Authority under the Management Act for the fish to which paragraph (c)(i) applies, but excluding pearl shell (*Pinctada* spp), trochus (*Trochus niloticus*), and fish listed in paragraph (b) of this Arrangement;
- (d) all fish specified in paragraph (a) taken in the exercise of a right conferred by a licence or other authority granted by the State for the fish to which this Arrangement applies;
- (e) but excluding those fish to which this Arrangement applies taken in the exercise of a right conferred by a fishing concession granted by the Australian Fisheries Management Authority under the Management Act for the fisheries described in paragraphs (a) and (c).
4. Where for the purposes of this Arrangement it is necessary to determine the position of the surface of the Earth of a point, line or area, that position shall be determined by reference to the Australian Geodetic Datum, that is, by reference to the spheroid having its centre at the centre of the Earth and a major (equatorial) radius of 6,387,160 metres and a flattening of 1/298.25 and by reference to the Johnston Geodetic Station in the State of Queensland of Australia. That station shall be taken to

be situated at Latitude 25° 56'54.5515'' South and at Longitude 133° 12'30.0771'' East and to have a ground level of 571.2 metres above the spheroid referred to above.

5. The Minister responsible for administering the Management Act and the Minister responsible for administering the State Act may agree in writing to the maximum quantity of other fish under a licence or other authority referred to in that paragraph and on matters of mutual interest in relation to the fishery.
6. This arrangement shall, upon being executed on behalf of the Commonwealth and of the State and upon being approved by the Governor-General of the Commonwealth and the Governor of the State, take effect of the date of publication in the Gazette.
7. Without affecting the construction which this Arrangement would have if no provision of the Arrangement or part thereof is invalid, it is the intention of this Arrangement that if any provision of this Arrangement or part thereof is invalid, the remainder of the Arrangement and of that provision shall be construed as if that provision or part thereof was not included in this Arrangement even if the result is to extend the fishery described by this Arrangement.

## **Annex B - Arrangement between the Commonwealth and the State of Queensland, under section 71 of the Fisheries Management Act 1991 and Section 132 of the Fisheries Act 1994 of Queensland, in relation to the Gulf of Carpentaria grey mackerel fishery, 4 July 2003**

Arrangement between the Commonwealth and the State of Queensland, under section 71 of the Fisheries Management Act 1991 and section 132 of the Fisheries Act 1994 of Queensland, in relation to the Gulf of Carpentaria grey mackerel fishery made under the *Fisheries Management Act 1991* and the *Fisheries Act 1994* of Queensland

### **1 Commencement**

This arrangement commences on gazettal

### **2 Origin of geographical coordinate**

For this arrangement, the origin of the geographical coordinates is the Australian Geodetic Datum 1996 (AGD66).

### **3 Arrangement**

(1) This arrangement is made under subsection 71(1) of the *Fisheries Management Act 1991* and subsection 132(1) of the *Fisheries Act 1994* of Queensland.

(2) The fishery specified in section 4 is to be managed by Queensland Fisheries Joint Authority in accordance with the law of Queensland.

### **4 The fishery**

The fishery:

- (a) is commercial fishing for grey mackerel (*Scomberomorus semifasciatus*); and
- (b) includes the taking of incidental catch of finfish by a person fishing for grey mackerel under an authority granted under Queensland law;

In that part of the area described as 'The adjacent area in respect of Queensland' in Schedule 2 to the *Petroleum (Submerged Lands) Act 1967* that is west of 142° 31' 49''.

*Note* The fishery does not include Protected Zone, within the meaning given in the *Torres Strait Fisheries Act 1984*, or an area adjacent to the Protected Zone: see section 9 of the *Fisheries Management Act 1991*.

### **5 Ministers may make agreement**

The Commonwealth and State Ministers may agree in writing about:

- (a) the amount of fish that may be taken by a person under an authority of a kind mentioned in paragraph 4 (b); and
- (b) other matters in relation to the fishery.

I, GUY STEPHEN MONTAGUE GREEN, Administrator of the Commonwealth of Australia, acting with the advice of the Federal Executive Council, approve this instrument.

Dated 25 June 2003

Guy Stephen Montague Green  
Administrator

By His Excellency's Command

Ian MacDonald  
Minister for Fisheries, Forestry and Conservation

I, MAJOR GENERAL PETER ARNISON, General of the State of Queensland, acting by and with the advice of the Executive Council of that State, approve this instrument.

Dated 8 May 2003

Peter Arnison  
Governor

By His Excellency' Command  
Henry Palaszczuk  
Minister for Primary Industries and Rural Communities.

**QUEENSLAND FISHERIES JOINT AUTHORITY**  
**Minutes of 2017 meeting of the QFJA (Meeting 27)**  
**27 October 2017**  
**AFMA, Canberra**

**Attendance**  
**Members;**

Nick Rayns, Executive Manager, Australian Fisheries Management Authority; Deputy for the Commonwealth Minister for Fisheries (Chair).

Scott Spencer, Deputy Director-General (Fisheries and Forestry), Queensland Department of Agriculture and Fisheries; Deputy for the Queensland Minister for Agriculture and Fisheries.

The Chair opened the meeting at 11:50. Dr Rayns and Mr Spencer confirmed they hold the relevant approvals to act as deputies for their respective Ministers.

**Secretary;** Scott Spencer

**Observers;**

Steve Bolton, Gabrielle Miller (AFMA), Ian Curnow, Brian Boyle (NT), Heather Brayford, Rebecca Oliver (WA), Stuart Curran (Commonwealth Department of Agriculture and Water Resources)

**1. Procedural Matters**

**1.1 Draft agenda**

The Draft Agenda as circulated was adopted.

**1.2 Secretary**

Scott Spencer was appointed Secretary for meeting

**1.3 Confirmation of Minutes of the previous meeting**

Members confirmed that the draft minutes of meeting 26 as circulated were a true and accurate record of that meeting.

**1.4 Actions arising from the previous meeting**

Members noted the Actions Arising as circulated and that the matters were covered under the Agenda for the meeting.

**2. Policy Matters**

**2.1 Update on direction for the Gulf of Carpentaria Finfish Trawl Fishery**

Members noted the discussion at NAFC with industry representatives regarding the desire of industry to move as quickly as possible to management of the fishery under a single jurisdiction.

Members noted that Queensland had issued new permits to industry participants designed to allow continued operation in the fishery while addressing a number of issues that had arisen in the Queensland section of the fishery regarding sustainability and social acceptability. The meeting noted that grey mackerel and other demersal species were assessed as Sustainable via the SAFS system but mangrove jack continue to be assessed as overfished. The report can be accessed at <https://www.daf.qld.gov.au/fisheries/monitoring->

our-fisheries/data-reports/sustainability-reporting/stock-status-assessments/summary-2016.

Members noted that both the Commonwealth and Queensland remained committed to pursuing reform of existing OCS arrangements to provide for single jurisdiction management of the fishery but that the issues arising in the fishery needed to be addressed. It was further noted that without resolution these issues may impact on OCS reform.

Members noted that Queensland has agreed to meet with industry with a view to resolving these issues and accelerating the reform process. Queensland also indicated its intention to keep the Commonwealth and Northern Territory informed of progress with this process.

## **2.2 Future of QFJA arrangements**

Members noted that the aim of both jurisdictions remained the abolition of the QFJA with the processes outlined in Item 2.1 central to this process.

Until that time the QFJA will continue to operate.

## **2.3 Queensland Sustainable Fisheries Strategy**

Members noted that Queensland had begun implementation of its Sustainable Fishing Strategy which amongst other things would lead to the development of harvest strategies for all major commercial fisheries in the Queensland managed section of the Gulf of Carpentaria which would also include a requirement for all vessels in these fisheries to be equipped with VMS.

## **3. Administration matters**

### **3.1 Annual report**

The QFJA Annual Report for the year ending 30 June 2017 was signed by authorised delegates of respective Ministers. It was noted that the report is to be tabled in the Commonwealth Parliament prior to being tabled in the Queensland Parliament.

There being no further business the Chair closed the meeting at 12:01pm.
