

Commonwealth Fisheries Ecological Risk Assessment Status and Proposed Timing of Re-assessment

Fishery / Sub-fishery	Last assessed	Comments/proposed reassessment date*
Small Pelagic Fishery (SPF) – midwater trawl	November 2017	Underway
Southern and Eastern Scalefish and Shark Fishery (SESSF) Great Australian Bight Trawl Sector – otter trawl	July 2021	Underway
SPF – purse seine	2025	2030–31
Coral Sea Fishery (CSF) – aquarium	2025	2030–31
Bass Strait Central Zone Scallop Fishery	2025	2030–31
Western Tuna and Billfish Fishery	2025	2030–31
Eastern Tuna and Billfish Fishery (ETBF) – longline	2025	2030–31
Macquarie Island Toothfish Fishery	2025	2030–31
Northern Prawn Fishery (NPF) – red leg banana prawn	2025	2030–31
Torres Strait Fishery (TSF) – reef line	2022	2027–28
TSF – Spanish mackerel	2022	2027–28
NPF – banana prawn	February 2022	2027–28
NPF – tiger prawn	February 2022	2027–28
SESSF Gillnet, Hook and Trap Sector – scalefish automatic longline	December 2021	2026–27
SESSF Gillnet, Hook and Trap Sector – manual longline	December 2021	2026–27
TSF – Beche-de-mer	December 2021	2026–27
SESSF Commonwealth Trawl Sector – otter trawl	July 2021	2026–27

Southern Bluefin Tuna Fishery – purse seine	June 2021	2026–27
SESSF Commonwealth Trawl Sector – Danish seine	June 2021	2026–27
SESSF Gillnet, Hook and Trap Sector – shark gillnet	June 2021	2026–27
Heard Island and MacDonal Island Fishery (HIMI) – demersal trawl	February 2018	2026–27
HIMI – midwater trawl	February 2018	2026–27
HIMI – demersal longline	February 2018	2026–27
Western Deepwater Trawl Fishery	April 2009	2027–28
North West Slope Trawl Fishery	April 2009	2026–27
TSF – prawn	April 2007	2027–28
Southern Squid Jig Fishery	April 2007	2027–28
TSF – tropical rock lobster	2007	2027–28
CSF – demersal longline / line	April 2007	2025–26
CSF – sea cucumber	April 2007	2025–26
Skipjack Fishery	2009	Not specified – fishery inactive
South Tasman Rise Fishery	April 2009	Not specified – fishery inactive
CSF – lobster and trochus	April 2007	Not specified – very limited levels of effort
SESSF Great Australian Bight Trawl Sector – Danish seine	June 2012	Not specified – fishery inactive

*AFMA's Ecological Risk Management Steering Group will review and assess ERA priorities annually
