

SESSF - Shark Hook Boat SFR - 2019 - amended 02/01/20

Conditions applying to this Fishing Statutory Right

In addition to the conditions specified by sub section 22(3) of the *Fisheries Management Act 1991* (the Act), and the condition in sub section 42(2) to comply with any log book determination, the following conditions are specified for the purposes of sub section 22(4) paragraph (a):

Note: Under sub section 22(5) of the Act these conditions may be varied, revoked or a further condition specified by written notice from AFMA.

In addition to the above, the holder must comply with all obligations imposed by the *Southern and Eastern Scalefish and Shark Fishery Management Plan 2003* in particular:

Section 45 titled	<i>Purpose of Part 7</i>
Section 46 titled	<i>General obligations</i>
Section 48 titled	<i>Obligations relating to carrying of fish</i>
Section 49 titled	<i>Obligations relating to unloading of fish of a quota species taken under State or Territory permit</i>
Section 50 titled	<i>Obligations relating to unloading of fish of a quota species before fishing under State or Territory permit</i>
Section 51 titled	<i>Obligations relating to areas in which holder can fish</i>
Section 52 titled	<i>Obligations relating to inspection of nominated boat</i>
Section 53 titled	<i>Obligations relating to disposal of fish landed from the fishery.</i>

By section 42B (1) of the Act, Regulations may prescribe conditions that apply to fishing concessions. Regulations have been prescribed in the *Fisheries Management Regulations 2019* (the Regulations) providing conditions that apply to this fishing concession in particular:

Regulation 33:	Nominated boat must be used on trip.
Regulation 37:	Concession holder to ensure that vessel monitoring system is fitted and operating.
Regulation 39:	Requirement to carry observer.
Regulation 40:	Concession holder to ensure provision for observer and equipment.
Regulation 41:	Concession holder to ensure observer is able to perform functions.
Regulation 43:	Fish to be disposed of to fish receiver permit holder*
Regulation 44-65:	Catch limits.*
Regulation 66-68:	Fish processing during a trip.
Regulation 70:	No interaction with protected organism.
Regulation 71:	Reporting interaction with protected organism.
Regulation 72:	Requirements if protected organism is injured by interaction.
Regulation 73:	Requirements if protected organism killed by interaction.

* not applicable to some concessions

Definitions

Where mentioned in these conditions:

‘Landed’ means the act of having brought fish to land or shore.

Species limitations

1.
 - (a) The holder of this concession must not take more than 200 kg of pink ling east of longitude 147° East per trip.
 - (b) The condition in subsection 1(a) does not apply to the holder if :
 - a. AFMA has provided the holder with written consent not to take any more than 25 per cent of their pink ling quota (caught or uncaught) in the area of the fishery east of longitude 147° East during a fishing year; or
 - b. AFMA has been notified by the South East Trawl Fishing Industry Association (SETFIA) that the concession holder has entered into an agreement with SETFIA to take a specified amount of pink ling (*Genypterus blacodes*) east of Longitude 147° East during a fishing year.
 - (c) Nothing in this condition permits a holder of a concession to take pink ling in excess of what they are entitled to under their pink ling quota SFR holdings.
2. If the holder conducts fishing east and west of the Longitude 147° East on the same trip all catches of pink ling will be deemed to have been taken from east of Longitude 147° East unless:
 - a) an AFMA observer is carried on the boat nominated to this concession; or
 - b) electronic monitoring equipment is installed and operating on the boat nominated to this concession.
3. If the holder is intending to fish for pink ling east and west of the Longitude 147° East on the same trip without electronic monitoring, before the boat nominated to this concession leaves port the holder must give the AFMA Observer Section at least 72 hours notice of an intention to depart on a fishing trip, by telephone (02 6225 5506, or 0427 016 859) or by email: observers@afma.gov.au.
4. Any take of the following Eastern Tuna and Billfish Fishery quota species is to be taken in accordance with the *Eastern Tuna and Billfish Fishery Management Plan 2010*:
 - a) Albacore tuna (*Thunnus alalunga*)
 - b) Bigeye tuna (*Thunnus obesus*)
 - c) Broadbill swordfish (*Xiphias gladius*)
 - d) Striped marlin (*Tetrapturus audax*)
5. e) Yellowfin tuna (*Thunnus albacares*).The holder must not retain snapper (*Chrysophrys auratus*) taken from South Australian waters, unless it is taken in waters of the South East between 1 February and 31 October.

6. The holder must not retain snapper (*Chrysophrys auratus*) taken from South Australian waters, unless it is taken in waters of the South East between 1 February and 31 October in any year.

South Australian waters means the area described in clause 2 of Schedule 4 of the *Fisheries Management Regulations 2019*.

For the purpose of these conditions, the **waters of the South East** means the area of South Australian waters:

- (a) commencing at a point on mean low water closest to 35°38.564' South, 138°31.346' East (Newland Head) then running progressively
 - (b) south westerly along the geodesic to a location on the mean low water closest to 35°50.486' South, 138°08.094' East (Cape Willoughby)
 - (c) then generally westerly along the southern coast of Kangaroo Island following the line of mean low water to the location closest to 35°53.188' South, 136°32.0647' East (Vennachar Point)
 - (d) then south along meridian of longitude 136°32.600' East to the outer limit of the Australian Fishing Zone
 - (e) then generally south-easterly along the outer limit of the Australian Fishing Zone to the intersection with meridian of longitude 140°57.962' East
 - (f) then north on that the meridian of longitude 140°57.962' East to its intersection with a point on mean low water closest to 38°03.386' South, 140°57.962' East
 - (g) then generally westerly following the line of mean low water to the point of commencement.
7. The holder must not take flathead less than 280 millimetres in length when measured from the point of the snout to the tip of the tail.
 8. The holder must not take any species of rock lobster (family *Palinuridae*) or abalone (family *Haliotidae*) unless taken under the authority of a State concession.

Shark Obligations

9. Retained and/or landed school shark (*Galeorhinus galeus*) and gummy shark (*Mustelus antarcticus*) must exceed 450 millimetres when measured in a straight line from the middle of the posterior edge of the aftermost gill-slit to the ventral insertion of the caudal fin.
10. The holder must not take, or engage in fishing for, the species school shark (*Galeorhinus galeus*) unless:
 - a) the holder holds five times more gummy shark (*Mustelus antarcticus*) quota (caught and uncaught) than the amount of school shark that the holder has taken; or
 - b) at the end of the:

- i. first period, the holder has taken less than 250 kilograms of school shark (trunked weight) in that period
 - ii. second period, the holder has taken less than 500 kilograms of school shark (trunked weight) in that period; or
 - iii. third period, the holder has taken less than 750 kilograms of school shark (trunked weight) in that period.
 - iv. fourth period, the holder has taken less than 1000 kilograms of school shark (trunked weight) in that period.
11. In these conditions:
 - a) 'first period' means the three month period from 1 May through to the last Friday in July of each fishing year
 - b) 'second period' means the six month period from 1 May through to the last Friday in October of each fishing year
 - c) 'third period' means the nine month period from 1 May through to the last Friday in January of each fishing year; and
 - d) 'fourth period' means the 12 month period from 1 May through to the end of the fishing year.
12. For the purpose of determining compliance with these conditions, the holding of caught and uncaught quota of gummy shark and amount of school shark taken must be calculated on each quota and catch balancing date, being:
 - a) 5pm Eastern Standard Time 12 August of each fishing year for the first period; and
 - b) 5pm Eastern Standard Time on 11 November of each fishing year for the second period; and
 - c) 5pm Eastern Standard Time on 14 February of each fishing year for the third period; and
 - d) 5pm Eastern Standard Time on 28 May of the next fishing year for the fourth period.
13. If any of these quota and catch balancing dates fall on a weekend or a public holiday, the balancing date moves to the next business day.

Note: For example, if, at the end of the first period the person has taken 600 kilograms of school shark, the holder must hold at least 3 tonnes of gummy shark quota (600 kilograms x 5) on the 'quota and catch balancing date'.
14. If any school shark (*Galeorhinus galeus*) are taken alive, they must be returned to the water alive.
15. The holder must not retain Harrison's dogfish (*Centrophorus harrissoni*), endeavour dogfish (*C. moluccensis*), southern dogfish (*C. zeehaani*) and greeneye spurdog (*Squalus chloroculus*).

If any of these species are taken alive, they must be returned to the water carefully and quickly.

16. If a shark species is detected as being caught on any deployed fishing gear, the holder must assess the likelihood of the species being of the family Centrophoridae (excluding *Deania* sp.) or Squalidae and adjust the hauling rate so the specimen rises slowly.
17. If the specimen is identified as being of the family *Centrophoridae* (excluding *Deania* sp.) or Squalidae or the specimen cannot be identified, the hauler must be stopped so the specimen's weight is supported by water where practicable.
18. The holder must not allow any species of the family *Centrophoridae* (excluding *Deania* sp.) or Squalidae to pass through the hauler or de-hooker.
19. Unless advised by AFMA or a research scientist, the holder must return any shark of the species of the family *Centrophoridae* (excluding *Deania* sp.) or Squalidae to the water as quickly as possible by cutting the snood as close as possible to the mouth of the shark without injuring the shark (the hook may be removed from the shark).
20. The holder must not carry or possess any shark (Class *Chondrichthyes*) dorsal, pectoral, caudal, pelvic or anal fins on board the boat nominated to this concession that are not attached to the shark's carcass.

Handling and treatment of bycatch

21. The concession holder (or a person acting on the holder's behalf) must not mistreat bycatch.

Definitions:

Mistreat means taking, or failing to take, any reasonable action or actions, which results, or is likely to result, in the;

- i. death of, or
- ii. injury to, or
- iii. causing of physiological stress to

any bycatch.

Bycatch means any species that physically interact with fishing vessels and/or fishing gear (including auxiliary equipment) and which are not usually kept by commercial fishers. **Bycatch** species may include fish, crustaceans, sharks, molluscs, marine mammals, reptiles and birds. **Bycatch** includes listed protected species under the *Environment Protection and Biodiversity Conservation Act 1999*.

Notes: For the purposes of this condition 'mistreat' does not include the taking, or failing to take, action where it is reasonably necessary to take, or not take, the action;

- to ensure the safety of the boat and or its crew, or
- to comply with the requirements of any AFMA approved bycatch management plan(s) (these may include Seabird Management Plans, Vessel Management Plans etc.).

Concurrent conditions

22. This concession must only be used in conjunction with another concession held by the same holder namely a Southern and Eastern Scalefish and Shark Fishery (SESSF) Quota Statutory Fishing Right or a fishing concession that allows the take of quota species (“that other concession”) such that:

- a) The conditions of that other concession apply (to the extent those conditions are not inconsistent and are capable of doing so) as conditions of this concession.
- b) A breach, suspension or cancellation of that other concession is a breach, suspension or cancellation of this concession.
- c) The conditions of this concession apply (to the extent these conditions are not inconsistent and are capable of doing so) as conditions of that other concession while it is being used in conjunction with this concession.
- d) A breach, suspension or cancellation of this concession is a breach, suspension or cancellation of that other concession.

Quota balancing obligations

23.

- a) The holder must not be over quota for any quota species.
- b) The holder is not considered to be over quota for a species if, within 28 days of landing an amount (by weight) in excess of their uncaught quota recorded in the Register, the holder acquires a further amount of quota for that species which is equal to or greater than the excess.
- c) If the holder is over quota for any quota species AFMA may suspend this concession in accordance with this condition, pursuant to section 38(1)(c) of the Act. In deciding whether to suspend or lift the suspension of this concession AFMA must take account of any written explanation from the holder detailing any exceptional circumstances as to why the holder was over quota.
- d) Any dealing in a quota Statutory Fishing Right by the holder of a boat Statutory Fishing Right or Fishing Permit for the purpose of complying with this condition must be lodged with AFMA duly executed and in the form approved by AFMA, on or before the 28th day from which the excess quota species was landed. For the purpose of determining if the holder is over quota under this condition, any acquisition of quota for a species may only be deemed to have been acquired up to 28 days prior to the date of registration of that acquisition of that quota species.
- e) If this concession is suspended, unless the holder has acquired and AFMA has then recorded in the Register (but may not deem) an amount of uncaught quota for which the holder is over quota, this concession may, under this condition, again be suspended upon expiration of the earlier suspension.

In this condition:

'Acquire' means receiving statutory fishing rights by registering a dealing by which an amount of statutory fishing rights are permanently or seasonally transferred to the holder; and 'acquisition' has a comparable meaning.

'Quota species' has the same meaning as quota species in the applicable management plan for which this concession has been granted and established under the Act.

'Over quota' means when the holder lands an amount of quota species in excess of the available uncaught amount recorded for that species in the holder's name on the Register.

'Register' means the Register of Statutory Fishing Rights kept by AFMA pursuant to section 44 of the Act.

Observer/Monitoring Obligations

24. When directed by AFMA to carry an observer the holder must give the AFMA Observer Section at least 72 hours notice of an intention to depart on a fishing trip by telephone (02 6225 5506, or 0427 016 859) or by email: observers@afma.gov.au.

Observer/Monitoring Obligations in closure areas

25. In these conditions the 'Murray Dogfish Closure', 'Murray Commonwealth Marine Reserve Closures', 'Freycinet Commonwealth Marine Reserve Closure', 'Barcoo and Taupo Seamount's Closure', 'Queensland and Britannia Seamount's Closure' and the 'Gillnet Deepwater Closure' are the areas as prescribed in the *Southern and Eastern Scalefish and Shark Fishery and Small Pelagic Fishery (Closures) Direction 2016*.
26. The holder must not fish (unless using hydraulic hand reel) in any part of the Murray Dogfish Closure, Murray Commonwealth Marine Reserve Closures, Freycinet Commonwealth Marine Reserve Closure, Barcoo and Taupo Seamount's Closure, Queensland and Britannia Seamount's Closure or the Gillnet Deepwater Closure unless:
- a) an AFMA nominated observer is carried on the boat nominated to this concession; or
 - b) an AFMA approved electronic monitoring system is installed and the operations of that equipment are in accordance with *E-Monitoring (Southern and Eastern Scalefish and Shark Fishery) Direction 2015*.

Note 1: This condition does not authorise fishing by a method in an area prohibited under the Southern and Eastern Scalefish and Shark Fishery and Small Pelagic Fishery (Closures) Direction 2016.

Note 2: These conditions are in addition to the conditions concerning the taking of observers that are prescribed in the Regulations. Those conditions are in Schedule 1, Division 3, regulations 38 to 41

Note 3: AFMA may direct under the Regulations that an observer be carried, even if electronic monitoring equipment is installed and is to be operated.

Agent obligations

27. The holder accepts concurrent liability for all conduct by its servants or agents infringing the Act (or the Regulations, Management Plans or concession conditions made by virtue of that Act) who may be engaged by the holder to conduct on the holder's behalf activity under this concession.
28. Liability for the conduct of the holder's servants or agents arises, even if the conduct may be, or actually is, beyond the scope of the servant or agent's actual or apparent authority where it is a breach that occurs during the conduct of activity authorised by this concession.
29. The holder may avoid concurrent liability for conduct whilst conducting activity under this concession if, but only if, the holder can establish that the infringing conduct could not possibly have been prevented by any action or precaution that the holder might have reasonably taken.
30. The giving of an indemnity by the servant or agent to the holder for any penalties incurred by the holder, for infringing conduct by the servant or agent is not, of itself, a reasonable precaution to prevent infringing conduct.
31. The holder must ensure the master of the boat fishing under the authority of this concession is nominated as an authorised agent for the holder **before** any fishing operation may take place.

The holder must ensure the authorised agent signing the determined *Daily Fishing logbook page was the master of the boat (skipper) at the time the recorded fishing operation took place.

The holder may sign the determined *Daily Fishing logbook page if they were the master of the boat (skipper) when the recorded fishing operation took place.

If more than one master of the boat is on board the boat during the fishing trip, each master must complete and sign a separate determined *Daily Fishing logbook page for each of the fishing operations for which they had control over.

**These instructions are for all determined Daily Fishing Logs including e-Logs.*

Direction Obligations

32. The holder must comply with any Direction that fishing is not to be engaged in in the fishery, or a particular part of the fishery or during a particular period or periods made under sub section 41A of the Act.

Temporary Orders Obligations

33. The holder must comply with any Temporary Order made under sub section 43(2) of the Act and to the extent that any provision herein is inconsistent with such Temporary Order sub section 43(9) provides that the provision herein is overridden by the Temporary Order until the Temporary Order ceases to have effect.

Navigating in Closed Zones

34. AFMA may suspend this concession in accordance with this condition, pursuant to section 38(1)(c) of the Act, if it reasonably appears by VMS transmission from the nominated boat, that there is a failure by that boat while in a closed zone for the purposes of regulation 85 of the Regulations, to meet the exempting provisions of regulations 86(2), or 86(3). Such suspension will then continue until the concession holder provides a full written explanation, to the satisfaction of the delegate responsible for issuing that suspension, of the lawful reason for the boat being in that closed zone at that time, or until the expiration of the suspension under sub section 110(2); whichever is the earlier.

Gear Limitation

35. This concession authorises the use of the following gear only:

a) Demersal longlines.

36. Fishing gear permitted under a State licence (other than State authorised rock lobster pots, giant crab traps or the same type of gear as permitted under this concession), must be stowed and secured at all times when the nominated boat is fishing under the authority of this concession unless otherwise authorised in writing by AFMA.

37. The holder must not use automatic baiting equipment while fishing under the authority of this concession.

Other Obligations

38. The holder must provide AFMA with a current emergency contact facility at all times when a nominated boat is being used under this concession.

39. An emergency contact facility must enable AFMA to contact the boat immediately and directly at any time when the boat is at sea, including in the event of an emergency.

40. AFMA must be notified immediately of any change in contact details, by fax sent to (02) 6225 5440 or by email to licensing@afma.gov.au; and the boat must not depart on a fishing trip unless AFMA has been so notified of the change in contact details.

Mandatory AFMA supplied VMS

Direction to Fit

41. When directed by AFMA in writing, the concession holder (or a person acting on the holder's behalf) must;

a) make available, within 14 days of the date of the written direction, the boat nominated to this concession for the purposes of installation of an AFMA Vessel Monitoring System unit (AFMA VMS unit) by an AFMA approved technician, and

b) Provide all reasonable assistance to the AFMA approved technician including (but not limited to);

i. the provision of an un-interrupted connection to the boat's main power source, and

- ii. an appropriate position for the mounting of the AFMA VMS unit.
42. When directed by AFMA in writing, the concession holder (or a person acting on the holder's behalf) must;
- a) make available, within 14 days of the date of the direction, the boat nominated to this concession for the purposes of removal of the AFMA VMS unit by an AFMA approved technician, and
 - b) Provide all reasonable assistance to the AFMA approved technician.

Concession holder must not interfere with AFMA VMS Unit

43. The concession holder (or a person acting on the holder's behalf) must not interfere, or attempt to interfere, with the operation of the AFMA VMS Unit.

Definitions

AFMA VMS Unit means a Vessel Monitoring System (VMS) unit wholly owned by AFMA, marked with AFMA identifications and supplied by AFMA and fitted by an AFMA approved technician.

Interfere - for the purposes of these conditions 'interfere' includes, but is not limited to;

- Physical obstruction or removal of the AFMA VMS unit, or
- Deliberately disconnecting or otherwise interfering with the power supply to the AFMA VMS unit, or
- Deliberate physical interference with the casing or any external or internal components of the AFMA VMS unit.

Notes

Must Make boat available	<i>Where the boat is not made available in accordance condition 41 (a) or 42 (a), AFMA may suspend this concession pursuant to section 38(1)(c) of the Act.</i>
Must maintain VMS Unit	<i>Regardless of AFMA's decision to fit an AFMA VMS unit, the holder must continue to maintain a VMS unit in accordance with regulation 37 of the Regulations.</i>
Remains the property of AFMA	<i>At all times the AFMA VMS unit remains the sole property of AFMA. The holder is liable for any costs incurred as a result of loss or damage to the unit.</i>

44. Gillnet Hook and Trap - Mandatory use of e-log
Requirement to use electronic logbooks (e-log)

- (a) For a trip which commences after 1 July 2018, where a concession holder has fished for fifty (50) days or more in the current or previous season; they must complete and submit

the information contained in the logbook:

- i. Trap Fishing Daily Fishing Log TR01;
 - ii. Gillnet Fishing Daily Log NT01B; or
 - iii. Line Fishing Daily Fishing Log LN01B
- (b) using an electronic logbook (e-log) transmission that complies with clauses 19 and 20 of the *Logbooks for Fisheries Determination 2017*.
