Senator the Hon. Anne Ruston  
Assistant Minister to the Minister for Agriculture and Water Resources  
Parliament House  
CANBERRA ACT 2600

Dear Assistant Minister

We have much pleasure in presenting to you the annual report of the Western Australia Joint Authority (WAJA) for the financial year ended 30 June 2016.

The report reflects the Joint Authorities legislative reporting requirements and has been prepared in accordance with subsection 70(1) of the *Public Service Act 1999*, which requires us to provide a report for you to present to the Parliament.

This report has been prepared in accordance with section 10 of the *Public Governance, Performance and Accountability Rule 2014*. We are satisfied that the Joint Authority agencies have in place appropriate fraud control mechanisms to meet our needs and comply with the guidelines relevant to this annual report.

We ask that you table the WAJA report for the period 2015-2016 in accordance with section 46 of the *Public Governance, Performance and Accountability Act 2013* and subsection 70(1) of the *Public Service Act 1999*.

Thank you for your consideration of this matter.

Yours sincerely

Dr Nick Rayns

## **1. Introduction**

This is the twenty second annual report of the Western Australia Fisheries Joint Authority (WAFJA). This report details the activities undertaken during the period 1 July 2015 to 30 June 2016 and information on the status of the fisheries in the most recently available reporting period (2014/15).

The WAFJA has responsibility for the management of:

- Joint Authority Southern Demersal Gillnet and Demersal Longline Managed Fishery
- Joint Authority Northern Shark Fishery

## **2. Enabling legislation**

Sections 61-70 of the Commonwealth [\*Fisheries Management Act 1991\*](#) set out the establishment, functions, administration and reporting requirements for Joint Authorities.

Part 3 of the Western Australia [\*Fish Resources Management Act 1994\*](#) sets out complementary State legislation and other matters relating to the establishment, functions, administration and reporting requirements of the Joint Authority and the management of Joint Authority fisheries in Western Australia (WA). Attachments A and B provide the relevant arrangements under which the WAFJA is currently operating.

## **3. Members of the Joint Authority**

The members of the WAFJA during the reporting period of 1 July 2015 to 30 June 2016 are provided in Table 1. The 2015 WAFJA meeting was attended by nominated deputies on behalf of the members (Table 1).

## **4. Report on the status of fisheries managed by the Joint Authority**

Tables 2 and 3 below present a summary of the status of the fisheries managed by the WAFJA. Detailed catch and effort statistics are compiled annually and presented in the WA Fishery Status Reports, available for download at <http://www.fish.wa.gov.au/About-Us/Publications/Pages/State-of-the-Fisheries-report.aspx>.

## **5. Report on activities of the Joint Authority during the reporting period**

During the reporting period (2015/16), one WAFJA meeting was held on 23 September 2015 to discuss matters relevant to the WAFJA. A record of this meeting is at [Attachment C](#). No decisions were made in the reporting period.

**Attachment A – Arrangement between the Commonwealth and the State of Western Australia in relation to the Joint Authority Demersal Gillnet and Longline Fishery in waters south of latitude 33° south.**

AN ARRANGEMENT entered into between the Commonwealth of Australia (the Commonwealth) of the one part and the State of Western Australia (the State) of the other part.

WHEREAS-

- (a) paragraph 4(1)(a) of the *Acts Interpretation Act 1901* of the Commonwealth provides that where an Act is enacted on or after the date of commencement of this section that is not to come into operation immediately upon its enactment, is expressed to confer power, *inter alia*, to make an instrument of a legislative or administrative character, then, unless the contrary intention appears, the power may be exercised, and anything may be done for the purpose of enabling the exercise of the power, before the Act concerned comes into operation as if it had come into operation;
- (b) subsection 2(2) of the *Fisheries Management Act 1991* of the Commonwealth (the Management Act) provides that Part 5 of the Management Act, which provides for co-operation with the States and Northern Territory in the management of fisheries, commences upon the repeal or the ceasing to have effect (as the case may be) of Part IVA of the *Fisheries Act 1952* of the Commonwealth;
- (c) by subsection 7(3) of the *Fisheries Legislation (Consequential Provisions) Act 1991* of the Commonwealth (the Consequential Provisions Act), as amended by section 24 of the *Primary Industries and Energy Legislation Amendment Act 1993* Part IVA of the *Fisheries Act 1952*, unless sooner repealed, ceases to have effect at the end of the period of 3 years beginning on 3 February 1992, the day on which section 7 of the Consequential Provisions Act commenced;
- (d) paragraph 7(4)(a) of the Consequential Provisions Act provides that upon the commencement of Part 5 of the Management Act, the Western Australian Joint Authority, established by subsection 12D(1) of the *Fisheries Act 1952* continues in existence as if it had been established under Part 5 of the Management Act;
- (e) an Arrangement was entered into under section 12H(1) of the *Fisheries Act 1952* between the Commonwealth and the State of Western Australia in relation to the:
  - (i) Demersal Gillnet Fishery in waters south of Latitude 33° South, published in the Commonwealth of Australia Gazette No. S 109 14 April 1988;
  - (ii) Demersal Longline Fishery in waters south of Latitude 33° South, published in the Commonwealth of Australia Gazette No. S 109 14 April 1998;

- (f) paragraph 7(4)(b) of the Consequential Provisions Act provides that upon the commencement of Part 5 of the Management Act, any arrangement made with a State or Territory under subsection 12H(1) or (4) of the *Fisheries Act 1952* that was in force immediately before that commencement continues in force as if it had been made under Part 5 of the Management Act;
- (g) the Arrangements referred to in paragraph (e) of this Arrangement were made under Division 3 of Part IVA of the *Fisheries Act 1952*;
- (h) subsection 75(1) of the Management Act provides that an Arrangement under Division 3 of Part 5 of the Management Act may be terminated by instrument approved by the Governor-General and the Governor or Governors of the State or States concerned;
- (i) subsection 33(3) of the *Acts Interpretation Act 1901* provides *inter alia* that where an Act confers a power to make any instrument, the power shall, unless the contrary intention appears, be construed as including a power exercisable in the like manner and subject to the like conditions (if any) to repeal any such instrument;
- (j) subsection 8H(2) of the *Fisheries Act 1905* of the State (the State Act) will on the coming into operation of the *Fisheries Amendment Act 1994* of the State empower the State to terminate an arrangement as provided for by the Management Act;
- (k) subsection 71(1) of the Management Act provide that the Commonwealth may make an arrangement with a State or States represented on a Joint Authority that the Joint Authority is to have the management of a particular fishery in waters relevant to that or any of those States;
- (l) subsection 74(1) of the Management Act provides that an arrangement under, *inter alia*, subsection 71(1) is to be made by an instrument approved by the Governor-General and the Governor or Governors of the State or States concerned;
- (m) subsection 8H(1) of the State Act will on the coming into force of the *Fisheries Amendment Act 1994* of Western Australia, empower the State to make an arrangement referred to in, *inter alia*, subsection 71(1) of the Management Act for the management of a particular fishery;
- (n) both the Commonwealth and the State are desirous of exercising their powers to make a further Arrangement in relation to the fishery referred to in clause 2 of this Arrangement.

NOW THEREFORE, in pursuance of the Management Act and the State Act and of all other powers so enabling:

1. The Arrangements entered into between the Commonwealth and the State referred to in paragraph (e) of the recitals to this Arrangement are, pursuant to

subsection 75 (1) of the Management Act, and subsection 8H(2) of the State Act terminated.

2. The Commonwealth and the State hereby arrange that the fishery in waters relevant to the State, being coastal waters and waters of the Australian fishing zone that lie within the area described in Schedule 2 to the *Petroleum (Submerged Lands) Act 1967* under the heading “Area that includes the Adjacent Area in respect of Western Australia”, south of Latitude 33° South for:

- (a) all fish of the Class Osteichthyes (bony fish) and Class Chondrichthyes (cartilaginous fish) when the methods of demersal gillnets and lines of all kinds are used, other than:

- (i) handlines;
- (ii) troll lines;
- (iii) drop lines; and
- (iv) pelagic longlines used in accordance with the exercise of a right conferred by a fishing concession granted by the Australian Fisheries Management Authority under the Management Act to permit the use of pelagic longlines for the taking of tuna and tuna-like species;

but excluding fish to which this paragraph otherwise would apply taken in the exercise of a right conferred in relation to another fishery by a fishing concession granted by the Australian Fisheries Management Authority under the Management Act;

- (b) all other fish taken by the methods provided for in paragraph (a) in the exercise of a right conferred by a licence or other authority granted by the State on behalf of the Western Australian Fisheries Joint Authority for the fish to which paragraph (a) applies:

is to be managed by the Western Australian Fisheries Joint Authority in accordance with the law of Western Australia.

3. The Minister responsible for administering the Management Act and the Minister responsible for administering the State Act may agree in writing to the maximum quantity of other fish, the subject of paragraph 2(b), that may be taken from time to time under a licence or other authority referred to in that paragraph and on matters of mutual interest in relation to the fishery.
4. This Arrangement shall, upon being executed on behalf of the Commonwealth and of the State and upon being approved by the Governor-General of the Commonwealth and the Governor of the State, take effect on 3 February 1995.
5. Without affecting the construction which this Arrangement would have if no provision of this Arrangement or part thereof is invalid, it is the intention of this Arrangement that if any provision of this Arrangement or part thereof is invalid, the remainder of that provision and of this Arrangement shall be construed as if that provision or part thereof was not included in this Arrangement even if the result is to extend the fishery described by this Arrangement.

Dated the 19<sup>th</sup> day of December 1994

## Attachment C: 2015 Meeting Minutes

# WESTERN AUSTRALIAN FISHERIES JOINT AUTHORITY

## Minutes of 2015 meeting of the WAFJA

AFMA Office  
73 Northbourne Ave  
CANBERRA  
23 September 2015

### Attendance

**Members:** Nick Rayns, Executive Manager, Australian Fisheries Management Authority; Deputy for the Commonwealth Minister for Fisheries (Chair)

Heather Brayford, Director General, Department of Fisheries, Western Australia; Deputy for the Western Australian Minister for Fisheries

**Secretary:** Rick Fletcher – Department of Fisheries, Western Australia.

**Observers:** Glenn Schipp (NT), David McKey (NT), Scott Spencer (Qld), Kieren Macdonnell (Department of Agriculture) and Shane Fava (AFMA)

Meeting opened 11.25am

### AGENDA

The draft agenda for the meeting (**Attachment 1**) was adopted.

#### 1. PROCEDURAL MATTERS

##### a) Identification of members

Nick Rayns identified himself as the Deputy for the Commonwealth Minister for Fisheries and therefore the Chair of the meeting.

Heather Brayford identified herself as the Deputy for the Western Australian Minister for Fisheries and therefore the other member of the Joint Authority (JA).

The Deputies appointed Rick Fletcher (Department of Fisheries, Western Australia) as the secretary for the meeting.

#### **b) Confirmation of previous Minutes**

The Minutes of the meeting of 26 November 2014 were tabled (**Attachment 2**). Deputies confirmed the Minutes as a true record.

### **2. JOINT AUTHORITY NORTHERN SHARK FISHERY (JANSF)**

#### **Status Reports of the Fisheries and Aquatic Resources**

The WA Deputy tabled for information the most recent stock status information for the JANSF from the Status Reports of the Fisheries and Aquatic Resources for 2012/13 (**Attachment 3**). It was noted that this information had also been tabled at the 2014 meeting and that an update would be available later in 2015. It was also noted that there had not been any activity in the fishery for at least the last five years.

#### **Northern Shark Management**

The WA Deputy noted that following a review by Professor Colin Simpfendorfer of the science associated with northern shark sustainability, the Department of Fisheries (Department) was developing a 'management paper' for industry and public comment on a possible re-opening of the JANSF (and the Western Australian North Coast Shark Fishery). The paper would cover matters such as the stock status of species within the suite likely to be taken, sustainable harvest level(s), the potential for interaction with Threatened Endangered and Protected Species and other bycatch issues, ongoing research requirements, potential economic returns and the costs of management. The paper may also canvass the option of a fisheries improvement program, which could provide industry with the opportunity for a structured approach to a re-commencement of fishing and build community support. The WA Deputy advised that the JA would be kept informed as the matter progressed.

#### **Future Jurisdictional Arrangements**

It was noted that once longer term management arrangements had been settled, consideration could be given to moving the JANSF to single jurisdiction.

### **3. JOINT AUTHORITY SOUTHERN DEMERSAL GILLNET AND DEMERSAL LONGLINE MANAGED FISHERY (JASDGDLF)**

#### **Status Reports of the Fisheries and Aquatic Resources**

The WA Deputy tabled for information the most recent stock status information for the JASDGDLF from the Status Reports of the Fisheries and Aquatic Resources for 2013/14 (**Attachment 4**). It was noted that this

information was also tabled in 2014 and that an update would be available later in 2015.

It was noted that the stock status of gummy and whiskery shark was assessed as “adequate”. Dusky and sandbar stock was assessed as “recovering”. Fishing levels were assessed as “acceptable” across the fishery.

The WA Deputy advised that the catch of demersal scalefish in the area of the JASDGLF that operates on the west coast (33°S latitude around the Capes to 115°30'E longitude) continued to be closely monitored against the objective of reducing catches of demersal scalefish to no more than 50% of 2005/06 levels across both the commercial and recreational sectors. It was also noted that the Department had commenced a stock assessment of south coast demersal scalefish (using key indicator species blue morwong, bight redfish, western blue groper and snapper) with the findings to inform ongoing management of demersal scalefish on the south coast, including the demersal scalefish taken by the JASDGLF.

#### **EPBC Assessment Matters**

The WA Deputy advised that the Temperate Demersal Gillnet and Demersal Longline Fisheries (TDGDLF) WTO export approval was re-approved in August 2015 for three years. A key focus of the most recent assessment and approval was the need for effective measures to reduce the risk of interactions between the fisheries and Australian sea lions. Accordingly, the Commonwealth has placed a condition on the approval relating to the implementation of an effective network of gillnet exclusion zones to protect foraging Australian sea lions. A number of other additional recommendations have also been agreed to minimise risks in the longer term.

#### **Future Jurisdictional Arrangements**

The WA Deputy advised that WA remained interested in moving the fishery to State jurisdiction. The Commonwealth Deputy indicated support for this approach subject to development of complementary harvest arrangements for gummy sharks. It was noted that this matter would be progressed in accordance with the general agreement of the State and Commonwealth to streamline jurisdictional arrangements.

#### **South Coast Open Access Gillnet Fishery**

The WA Deputy re-iterated previous advice that the sub-114 millimetre mesh demersal gillnet fishery on the south coast was considered to be an “open-access”, unregulated JA fishery (because the OCS defines the activity as using demersal gillnets or longlines and the fishery management plan prescribes a mesh size of 114mm or greater, leaving a legislative ‘gap’ for demersal gillnets less than 114mm).

The Department had commenced a review of the JA sub-114 millimetre mesh demersal gillnet fishery, the State open access net fishery, the open

access squid fishery, the open access line fishery, the fish trap fishery and the herring G-trap fishery. The Department was proposing that the OCS be amended to provide for WA to assume jurisdiction over the use of demersal gillnets with a mesh size less than 114mm (given that these nets are used to target nearshore species that do not have shared stocks with an adjacent jurisdiction). This matter had been informally discussed with AFMA and was consistent with the desire to streamline jurisdictional arrangements. The Department would liaise with AFMA on this matter either at the completion of the review or earlier, if considered necessary.

#### **4. JOINT AUTHORITY ANNUAL REPORTING**

##### **2014/15 WAFJA Annual Report**

The signed 2014/15 report was tabled by the WA Deputy for information.

#### **5. OTHER BUSINESS**

##### **State Marine Parks**

The establishment of State marine parks (specifically *Capes Ngari Marine Park* and *Lalang-garram/Camden Sound Marine*) had been discussed at the 2014 JA meeting. The WA Deputy advised that once the zoning schemes for the Park were ready to be implemented, Records of Decisions relating to application of these parks to JA-managed fisheries would ordinarily be provided to the WAFJA for consideration and signing. As the WA Government was progressively implementing a network of marine reserves in WA coastal waters that may impact on JA fisheries, WA was seeking agreement for a broad policy relating to the application of State marine reserves such that whenever a marine nature reserve or marine park was established or amended in WA under the *State Conservation and Land Management 1984*, the management arrangements set out in the approved marine reserve management plan would be “mirrored” under State fisheries legislation (*Fish Resources Management Act 1994*). Agreement on this broad policy would mean that separate Records of Decision would not be required for individual marine reserves that may be established and overlap with JA fisheries in the future.

The Commonwealth Deputy noted and agreed with the proposed policy approach which was considered pragmatic and practical and would further streamline administrative arrangements associated with JA fisheries.

#### **6. NEXT MEETING**
