## **Line Fishing Daily Fishing Log**

# **LN01B**

Boat Name

Logbook No.

Under the *Environment Protection and Biodiversity Conservation Act 1999* the following species are listed as protected. This list is current at the date of publishing. For further information about Listed Marine and Threatened Species or to check updates to these lists please go to [www.environment.gov.au](http://www.environment.gov.au)

## Wildlife and Other Protected Species List

Please be as specific as you can with regard to the species identification.

Fish Species	
Specific Common Name	Scientific Name
Great White Shark	<i>Carcharodon carcharias</i>
Grey Nurse Shark	<i>Carcharias taurus</i>
Whale Shark	<i>Rhincodon typus</i>
Pipefish, Sea Horses & Sea Dragons	Syngnathids

Non-Fish Common Names			
All Seabirds	All Seals	All Whales/Dolphin/Dugong	Marine Reptiles
Albatross	Seal ( <i>if species unknown</i> )	Dolphin ( <i>if species unknown</i> )	Flatback Turtle
Booby	Australian Sea Lion	Common Dolphin	Green Turtle
Cormorant	Australian Fur Seal	Bottlenose Dolphin	Hawksbill Turtle
Frigatebird	New Zealand Fur Seal	Killer Whale	Leatherback Turtle
Gannet	Leopard Seal	False Killer Whale	Loggerhead Turtle
Giant Petrel	Southern Elephant Seal	Humpback Whale	Olive Ridley Turtle
Gull		Pilot Whale	Turtle ( <i>if species unknown</i> )
Mollymawk		Sperm Whale	Sea Snake
Mutton Bird		Southern Right Whale	
Noddy		Baleen Whale ( <i>if species unknown</i> )	
Pelican		Toothed Whale ( <i>if species unknown</i> )	
Penguin		Large Whale ( <i>if species unknown</i> )	
Petrel		Small Whale ( <i>if species unknown</i> )	
Prion		Dugong ( <i>if species unknown</i> )	
Shag			
Skua			
Shearwater (Mutton bird)			
Tern			
Tropicbird			
Large Seabird			
Small Seabird			

Specific Common Names for Albatross, Petrels and Other Seabird Species			
Great Albatross	Mollymawks and Sootys	Petrels	Others
Wandering Albatross	Black-browed Albatross	Northern Giant Petrel	Abbot's Booby
Northern Royal Albatross	Campbell Albatross	Southern Giant Petrel	Lesser Noddy
Southern Royal Albatross	Buller's Albatross	White-chinned Petrel	Christmas Island Frigate
Gibson Albatross	Shy Albatross		
Antipodean Albatross	White-capped Albatross		
Tristan Albatross	Salvin's Albatross		
Amsterdam Albatross	Chatham Albatross		
Laysan Albatross	Grey-headed Albatross		
Yellow-nosed Albatross	Albatross (Indian)		
Light-mantled Albatross			
Sooty Albatross			

## Please Remember

- This logbook should be on your vessel and completed daily while you are fishing. The details for a shot must be recorded before hauling the next shot. Details for the last shot of the trip must be completed before the vessel enters port.

Form (Processing) Codes
<b>W</b> = Whole
<b>HG</b> = Headed and Guttled
<b>GG</b> = Gilled and Guttled
<b>F</b> = Filleted
<b>G</b> = Guttled
<b>TR</b> = Trunked (shark)
<b>FB</b> = Trunked and belly flaps off (shark)
<b>TA</b> = Tails (lobsters, bugs)

DISCARD CODES	Explanation
<b>MP</b> = Market Price	Marketable species but it was considered uneconomical to land on this occasion
<b>US</b> = Under Size	Fish is below a regulated minimum size or it is a size that makes it unmarketable
<b>UM</b> = Un-Marketable	Market place considers it to be inedible
<b>DM</b> = Damaged	Unmarketable due to damaged during capture or hauling
<b>TL</b> = Trip Limit	Fish marketable but trip limit already reached
<b>MD</b>	Species listed as migratory under the EPBC Act was brought up dead and discarded
<b>MA</b>	Species listed as migratory under the EPBC Act was brought up alive and released
<b>LD</b>	Lice damage
<b>IN</b>	Inedible
<b>NQ</b>	No quota
<b>CC</b>	Cookie cutter damage
<b>SB</b>	Seabird damage
<b>SD</b>	Shark damage
<b>SQ</b>	Squid damage
<b>TW</b>	Toothed whale damage

**Don't forget to insert this template under the log page you are writing on**

## Line Fishing Daily Fishing Log – LN01B

**Commonwealth Line Daily Fishing Log – LN01B**

# **General Information and Instructions for Holders of Fishing Concessions**

## **Purpose**

This logbook is to be used when line fishing in Commonwealth Fisheries. It is designed to provide a continuous record of gillnet fishing operations undertaken by Commonwealth fishing concession holders. Accurate data collected in this logbook is essential to provide information for research into and management of Australian fisheries.

## **Important Information and Instructions**

### **Completing the logbook**

- **This logbook must be completed for every day that the fishing concession is in force, regardless of whether or not fishing takes place on that day unless the boat nominated is in port (see the “How to Complete” section).**
- This logbook should be completed from the day the boat leaves port till the day the boat returns to port
- The concession holder or authorised agent who is signing the log page must be the master of the boat (skipper) when this fishing operation took place.
- If there is more than one master of the boat (skipper) on board the boat for any one trip, then each skipper must complete and sign a separate log page for the fishing operations for which they had control.
- All logbook information must be recorded on a shot by shot basis and details for the last day of the trip must be recorded before the boat docks at the end of each trip.
- No carbon paper is required when completing these forms. Please use a ballpoint pen and place the fold-out flap under the blue page to prevent marking the next set of forms.

### **Location of the logbook**

- This logbook must be kept on board the boat that is nominated in respect of the fishing concession and named on the front of the logbook during fishing operations.
- This logbook must remain within a 50 metre radius of the boat.

### **Who should use this logbook?**

- The holder of the fishing concession is responsible for ensuring that this logbook is completed and that it is certified as complete and correct. The master of the boat (skipper) must be the person completing this logbook. The master of the boat (skipper) must be an authorised agent for the concession holder, this authorisation must be in place before any fishing operations can take place. To authorise an agent the concession holder is required to complete an AFMA approved AA form, for further details contact AFMA on 1300 723 621.

### **Submitting logsheets**

This logbook contains numbered pages in duplicate which are referred to as logsheets. Original copies must be returned to AFMA in date order in either the reply paid envelope provided or posted to:

The Logbook Co-ordinator  
Australian Fisheries Management Authority  
BOX 7051  
Canberra Business Centre ACT 2610

Original copies of logsheets must be returned within 3 calendar days of the consignment being unloaded. For quota managed fisheries and/or fisheries that require the completion of a catch disposal record (CDR), logsheets must be returned with the CDR for that trip. All duplicate copies of logsheets should be retained.

If you are requested by AFMA to supply a Nil Return, the return must be sent to AFMA within 3 calendar days of you receiving the request, using the same methods as above.

### **Penalties**

Concession holders and authorised persons completing this logbook on their behalf are advised that:

- (i) a failure by a concession holder to ensure the completion of the logbook in accordance with these instructions;
- (ii) the giving of false or misleading information in the logbook by the concession holder or an authorised person completing the logbook on their behalf; or
- (iii) the recording or communicating by the concession holder or anyone else of information in a logbook concerning the affairs of another person, or the giving by the concession holder or anyone else to another person a part of a logbook in which information is recorded, (unless the recording, communicating or giving is done in accordance with the Fisheries Management Act 1991, Fisheries Administration Act 1991 or the Fisheries Management Regulations 1992 or an order of court, tribunal or a person authorised to receive evidence) may constitute serious offences under Commonwealth laws.

Concession holders are also advised that failure to ensure the completion of the logbook in accordance with the instructions may lead to suspension or cancellation of their concession.

### **Help Available**

There is an example of a completed logsheet and further information and instructions about how to complete the logbook at the front of this logbook. If you have any questions or problems, please contact an AFMA Logbook Officer on (02) 6225 5555 (free call 1300 723 621).

# Instruction Page

## Vessel, Gear and Contact Details

The Vessel, Gear and Contact Details Form should be completed by the Concession Holder or Authorised Person and submitted to AFMA within 14 days of receipt of the logbook. A second Vessel, Gear and Contact Details Form is located in the middle of the logbook. Please complete and submit this form if any of the vessel and/or gear details change, or if the authorised person for the vessels logbook has changed.

## Catch and Effort Log Page

When fishing, record details on a shot by shot basis. **Please Note:** For minor line fishing (Handline, Rod and Reel, or Trolling or Poling), if you change your fishing gear and/or move to another fishing location and/or you continually fish for longer than 24 hours please complete the details for that shot and start details for a new shot).

## Page Header

Enter the **Boat Name** and **Distinguishing Symbol** here. Record your AFMA Boat ID (if known), if you record your Boat ID there is no need to record your Boat name or Dist Symbol on each page of the logbook, just record them on the first page of each book and anytime the boat name, dist symbol or boat ID changes. You must ensure you are using the correct AFMA Boat ID for the boat that you are completing these log pages for, and that the Boat ID is written clearly, if the Boat ID is not written correctly or clearly AFMA will request you continue to record the Boat Name and Dist Symbol on each page. If you are not sure of your AFMA Boat ID please contact AFMA on 1300 723 621.

## Trip Date

On the first sheet used for a trip record the date of departure, on the last page used for a trip record the date of return.

## Non-Fishing Period

Whilst at sea if you are not fishing for a day or longer please specify the date/s during which you did not fish. Do not use single pages for single sequential non-fishing days.

## Non-Fishing Code

Circle the reason why you were not working during the indicated dates. If you were operating in another fishery please write in the name in the space provided.

## Fishery

Circle the code for the fishery/sector you are operating in. GHT (SESS Gillnet, Hook and Trap sector of SESSF), CSF (Coral Sea Fishery), NFO (Norfolk Offshore), HS (High Seas Fishery), SKJ (Skipjack Fishery), ETBF (Eastern Tuna and Billfish Fishery) or WTBF (Western Tuna and Billfish Fishery). If you are not operating in any of these fishing areas write in the name of the fishery in the space provided.  
- Subject to the concession conditions, if during the one trip you move operations from one fishery to another, you must start a new logpage and circle the new fishery.

## Gear Type/Code guide

This is a guide to line fishing methods and their gear codes. Use this table to fill in the Gear Used codes on a shot by shot basis.

## Fishing Details

### Gear Used

Circle the code for the gear type you are using as seen in the Gear Type/Code guide.

### Inshore/Offshore

For every shot you must specify whether you are fishing inside 3 nautical miles or outside 3 nautical miles by circling Inshore or Offshore. (SESS fishery only)

### Target Species

Nominate the species you are targeting for each shot by writing in the name of the single most likely species that you expect to catch in the Target Species line (do this before setting the gear).

### Date

Each column refers to one fishing shot. Record the date for the shot.

### Start Fishing Time

Record the time when starting to shoot each shot.

### Start and End Position

Record a start and an end latitude and longitude that represents the area that your gear is set between.

### Start Haul Time

Record the time when starting to haul each shot (Only for Longline/Trotline fishing gear).

### End Haul Time

Record the time when hauling ends for each shot. For minor line fishing (Handline, Rod and Reel, or Trolling or Poling) use this as your 'End Fishing Time'.

### Minimum and Maximum Depth

Circle depth units (metres or fathoms) and record the maximum and minimum of the depth range fished.

### Bait Used

Record the type of bait being used and an approximate weight (kg).

### Longline (including autoline) and Trotline only

Record the total number of hooks and total length (m) of line used in the shot.

### Dropline only

Record the number of times the lines were lifted during the shot and the average number of hooks per line.

### Pole and minor line

Record the number of lines used if you are minor line fishing (Handline, Rod and Reel or Trolling or Poling).

### Gear Lost

Record an estimated length of line lost in metres and number of hooks lost.

Continued on next page

## Instruction Page (Continued)

### Catch Details

#### Catch Weight

For each species caught and retained you must record the estimated weight (kg) kept.

#### Catch Number

For each species caught and retained you must record the estimated number of species kept.

**NOTE: Shark numbers must be recorded.**

#### Form Code

If the estimated weight you recorded refers to fish that have been processed in line with concession requirements record the appropriate form code. GG = Gilled and Guttled, HG = Headed and Guttled, F = Filleted, TR = Trunked (shark).

#### Discard Weight

For each species caught and not retained record the estimated weight (kg) discarded.

#### Discard Number

For each species caught and not retained record the estimated number of each species discarded.

#### Discard Code

For each discarded species indicate the reason/s they were not kept using discard codes. A full list of the codes are printed on the fold-out flap in this book.

**Other Species** - If any species are caught that are not listed on the logsheet, specify their names in the blank spaces provided and record the estimated weights (kg) and form codes for retained catch and discard weight, discard numbers and discard codes for not retained catch.

**Note:** For **EACH TRIP** a small amount of mixed species will be tolerated where the total amount of a single species is less than 10kg, this species may be combined with another species of the same or less weight (ie 10kg) and be recorded under the category of 'mixed fish'. Where the total amount of a single species exceeds 10kg, that species must be recorded individually in the 'Other Species' section.

**All quota species must be recorded separately and not mixed with any other species.**

### Listed Marine and Threatened Species

Please circle **YES** or **NO** to indicate if your gear came into contact with or caught a listed marine or threatened species.

If you did have an interaction with a listed marine or threatened species you must complete the Listed Marine and Threatened Species Form at the back of this logbook and submit it with the relevant log page.

### Comments

This section is provided for any further information that you think may be important such as: gear failure, weather, damaged fish, size of fish, and loss of catch to seals etc.

### Signature and Date Box

Each logsheet requires the date and signature of the master of the boat (skipper). The signature verifies that the information recorded in the logbook is an accurate record of the fishing operation including estimated landed weights.

Years of experience, please record the years the master of the boat (skipper) signing this log page has been a master of the boat (skipper). If the same skipper is signing more than one page for a trip, this only needs to be completed once per trip.
